Engage at Every Touchpoint

SPECTRIO ENGAGEMENT SUITE

Engage

Digital Signage that grabs attention from the minute visitors enter your business, with fully customizable brand content and video support.

Interact

Interactive Kiosks give visitors full access to your business with product catalogs, wayfinding, automated ordering and more.

Inform

On-Hold Marketing keeps customers informed and entertained during phone calls with custom messaging and music.

Inspire

On-Premise Messaging offers the right mix of music and messaging to make your business memorable and influence shopper behavior.

Connect

WiFi Marketing lets you connect with visitors in real time, offer targeted promotions and capture valuable customer data.

Enhance

Scent Marketing enhances your on-premise brand experience with custom aromas that boost mood and promote shopping behavior.

INSPIRE WITH ON-PREMISE MESSAGING

Transform your customers' shopping experience with our turnkey On-Premise Messaging. Our customizable mix of messaging and music is sure to keep your visitors engaged throughout their visit.

- ✓ **Easy-to-use:** Installation and deployment won't cause your staff headaches. Just set up your selected playlists and messages to hear them at work.
- ✓ **Reliable:** Our plug-and-play software ensures that your business will have branded messaging and licensed music from day one.
- ✓ **Scalable:** Whether you've got one location or fifty, Spectrio's On-Premise Messaging can be cohesively installed at all of them. Easily manage your messaging from a central cloud dashboard.
